philosophy

I shoot weddings for couples who prefer a relaxed yet beautiful style of wedding photography.

My fine art approach, and use of soft natural light and a warm pastel colour palette, allows me to create fresh and luminous photography which has been published in wedding blogs worldwide including Wedding Sparrow, Love My Dress, Martha Stewart, Magnolia Rouge & Rock My Wedding.

I love the beauty of simple, timeless images.

My unobtrusive style enables me to capture the special moments & genuine emotions of the day. I pair these relaxed images with some beautiful styled fine art portraits, to create a series of images that tell your unique wedding story. I enjoy working with natural light as much as possible, so that the images of your special day look exactly how you remember them.

I focus on the intimate and sincere moments of your wedding, creating images that tell an honest and genuine story that will last forever. I will not just document the ceremony and the formalities, but those extra little moments which will give so much pleasure in years to come: the hands gently entwined, the looks of wonder, the proud glances, the secret tear brushed away..

I have successfully photographed a variety of different weddings, and my couples have always appreciated my hands off approach that lets me deliver my version of their day as elegantly and naturally as I can.

I would be delighted to be a part of your

love story.

about emma

Most days I have a camera in my hand, creating fashion editorials for magazines, or capturing the beautiful moments of a wedding day.

I'm regularly travelling for work, but home is near Manchester where I currently live & work as a fine art photographer.

With a background in fashion photography & fine art, I have developed a very personal wedding style. I love natural light, simplicity & ethereal locations.

My fashion work has been published in publications including ELLE UK, Wonderland, Vogue.it & ASOS Magazine.

Weddings and bridal shoots have taken me all across the UK & Europe, & I have had the opportunity to work with many designers, boutiques & creatives.

I can't wait to see where this journey will take me next.

50 6x4 prints in a keepsake linen box

£650

*Travel expenses may be required. Please get in touch
for a quote.*

Fine art albums available from £250

Q & A

We want you to be our wedding photographer, what happens next?

After we've discussed the details of your day, you can book me by filling in my booking form & sending a non-refundable £350 deposit to secure the date. We can chat via Skype if meeting up in person is not possible - I love to get to know my couples before their wedding.

When is the full payment due?

The remaining balance is due on the 1st of the month prior to the month of your wedding. You will receive an invoice a couple of weeks before.

Who do you bring with you?

For most small weddings it'll just be me & my camera, however you do have the option of hiring a second photographer for the full day for an additional £350. Just let me know if you'd like to add one to your package.

Will you need food & a place to stay?

Depending on your wedding location, travel & accommodation expenses may be required. I will give you a quote when you enquire. Travel is included within my local area of the North West of England.

For bookings of 6+ hours I wouldn't turn down a hot meal! I really appreciate being fed during my break & would be very grateful. For full day bookings I usually have a break of 30 minutes during your wedding meal to ensure I don't miss any of the important parts of the day.

Can we make prints from the USB?

Yes - I include a licence to print the images, however Emma Pilkington Photography retains copyright for all photos & your licence does not include permission to sell, edit or submit your images to a competition.

How much do you edit the photos?

My editing style is minimal, because I always aim to capture natural beauty in the best light possible when I adjust my camera settings & click the shutter. The images will be a true representation of your day, processed in my signature soft & feminine style.

What happens after the wedding?

You will receive a USB of high res images within 6 weeks of your wedding. I like to get the images to you within a timely fashion, so that you can enjoy them whilst the memories of your wedding are still fresh.
